

ILHAM SIKUMBANG

FRONT-END DEVELOPER | TYPESCRIPT | REACT/NEXT.JS | LARAVEL

Sleman, Daerah Istimewa Yogyakarta | ilhamsikumbang@mail.ugm.ac.id | www.oqexip.site

SUMMARY

Electrical Engineering student and passionate Front-End Developer with a strong foundation in HTML, CSS, and JavaScript, experienced in building responsive and user-friendly web interfaces. Familiar with React/Next.js, TypeScript, Tailwind CSS, and Git/GitHub, with a strong interest in translating UI/UX designs into functional and accessible websites. Possesses strong problem-solving and debugging skills, with a willingness to learn new technologies and collaborate effectively within a team..

WORK EXPERIENCE

Fullstack Developer - PT Rayterton Indonesia

Feb 2026 - June 2026

- Developed and maintained internal web applications using Next.js, TypeScript, Laravel, and Tailwind.
- Integrated RESTful APIs between the frontend and Laravel backend for authentication, data management, and dashboard features.
- Successfully developed and delivered a Multifinance Application used by more than 500 internal employees.

Information Technology Intern - PT Rayterton Indonesia

Jan 2026 - Feb 2026

- Assisted in developing and maintaining internal web-based applications using HTML, CSS, and Laravel.
- Interpreted client requirements and translated them into user-friendly interfaces and functional features.
- Provided technical expertise, contributing to a 15% reduction in system failures.

PROJECT EXPERIENCE

OmongIn - Anonymous Discussion Platform

Nov 2025 - Dec 2025

- Developed an anonymous discussion platform featuring a board and thread-based structure inspired by online forums.
- Managed deployment and server configuration to ensure the application was accessible and functioned properly in a production environment.

OmongIn - Anonymous Discussion Platform

Nov 2025 - Dec 2025

- Developed a modern and responsive file conversion platform using React and Vite, focusing on speed, usability, and a seamless user experience.
- Implemented client-side file conversion using WebAssembly, Canvas, and JavaScript libraries, allowing files to be processed entirely within the browser without uploading them to a server.

EDUCATION

Universitas Gadjah Mada

Aug 2026 - Present

Electrical Engineering

SMK Negeri 1 Jakarta

June 2023 - June 2026

Software Engineering

TECHNICAL SKILLS

- HTML
- CSS
- JavaScript
- Docker
- Laravel
- TypeScript
- Python
- Next.JS
- TailwindCSS
- PostgreSQL
- Git
- Github
